Heidi's Softest Curl

A Tribute Song

Intro - piano, pads

Verse 1

I remember softest fluffy curls, a sight so sweet and true,
Big brown eyes, a wagging tail, in everything you'd do.
Always by my side, my faithful friend, through every path we'd roam,
With quirky tilts and happy grins, you made my heart your home.
Your nature pure, you loved us all, with cuddles warm and deep,
A precious love you freely gave, secrets my soul will keep.

Chorus

Heidi, my beautiful girl, eight wonderful years we shared,
Never apart, always near, a bond beyond compare.
Now a soft whisper in the air, a memory I hold tight,
My darling, my best friend, my morning, noon, and night.

Verse 2

That first waking cuddle, warm and close, held like a precious child,
The jingle of keys, a joyful leap, your happy face so wild.
In the rearview mirror, eyes alight, as we'd embark and go,
To coffee shops for liver treats, where all the staff would know.
Running on the beach, paws held high, to dodge the ocean spray,
Then snuggled close in my armchair, at the closing of the day.

Chorus

Heidi, my beautiful girl, eight wonderful years we shared,
Never apart, always near, a bond beyond compare.
Now a soft whisper in the air, a memory I hold tight,
My darling, my best friend, my morning, noon, and night.

Bridge

Heidi's Softest Curl (continued)

My beautiful girl, my best friend, Mums darling, it's true,
Nigh' night, my love, I love you, always thinking of you.
Though tears may fall, my heart remembers every single day,
You taught me love, you showed me joy, in your own special way.

Instrumental - piano, gentle strings

Final Chorus

Heidi, my beautiful girl, eight wonderful years we shared,
Never apart, always near, a bond beyond compare.
Now a soft whisper in the air, a memory I hold tight,
My darling, my best friend, my morning, noon, and night.

Outro - piano fade

Now peacefully napping in a sunny spot, a gentle little snore,
Or pottering in a garden bright, just outside my door.
A wagging tail, a knowing glance, forever in my view,
My sweet Heidi, I'll always be looking out for you.

Forever in our hearts
