Custom Pet Memorial Songs

Dash, My Morning Star

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

From the moment you came, my sweet Kelpie friend
Unconditional love, a bond without end
Your soft touch would calm me, my mind you would ease
You brought me such comfort, through all of life's breeze
I leaned on your strength, a loyal heart so true
I don't know where I'd be, if not for you
You filled up my life, with warmth and with grace
Forever I cherish your dear loving face

Chorus

Oh, Dash, my bright star, seven years by my side
With every wag of your tail, joy couldn't hide
Now you're dancing in heaven, free as the breeze
You'll live in my heart, forever with ease

Verse 2

Every morning you'd wait, ready to roam
My first sight arriving, returning back home
With a wag of your tail, a joyful leap in the air
You'd jump on the bed, without a single care
Hoping for food from my plate, a spot to sleep near
Or just a good belly rub, dispelling all fear
Those moments we shared, precious and so sweet
My heart always treasured your happy, quick feet

Chorus

Oh, Dash, my bright star, seven years by my side
With every wag of your tail, joy couldn't hide

Dash, My Morning Star (continued)

Now you're dancing in heaven, free as the breeze
You'll live in my heart, forever with ease

Bridge

Now you're walking pain-free, sleeping in comfort and peace
Watching me from heaven, your happiness won't cease
Spoiled with steak and bacon, the best of all treats
Hamburgers and chicken necks, joy overflows sweet
With belly rubs constant, from morning till night
A final whisper, my heart repeats with all might: "I will see you soon."

Instrumental - piano, light percussion

Final Chorus

Oh, Dash, my bright star, seven years by my side
With every wag of your tail, joy couldn't hide
Now you're dancing in heaven, free as the breeze
You'll live in my heart, forever with ease

Outro

Running through fields, under heaven's soft light
Dreaming of belly rubs, shining so bright
Watching me daily, until we reunite

Outro - guitar fade

Forever in our hearts
