Coco-Bear's Gentle Reminder

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

The sun would rise, a gentle nudge, a paw upon my bed,
A silent plea for morning meal, unspoken words unsaid.
Then evening came, the hunger call, she'd gaze with knowing eyes,
And raise her brows, a little trick, a sweet and soft surprise.

Chorus

Oh, Coco-Bear, our sweet brown friend, our loyal heart and true,
Thirteen years we walked with you, under skies of deepest blue.
A love so deep, a bond so strong, can never fade away,
We carry you within our souls, each and every day.

Verse 2

With Buddy by her side, she'd leap, when walks were on the plan,
A joyful bark, a happy dance, our sweet chocolate lab.
She'd meet us at the door with glee, a wagging, shaking spree,
Her whole backside would wiggle then, for all the world to see.

Chorus

Oh, Coco-Bear, our sweet brown friend, our loyal heart and true,
Thirteen years we walked with you, under skies of deepest blue.
A love so deep, a bond so strong, can never fade away,
We carry you within our souls, each and every day.

Bridge

Mom and Dad, we miss you both, a heavy, aching sigh,
But knowing you're with Buddy now, beneath that endless sky.
You're playing in a field of blooms, chasing freely, side by side,

Coco-Bear's Gentle Reminder (continued)

We'll meet you both again someday, beyond the rainbow tide.

Mandolin Solo

Final Chorus

Oh, Coco-Bear, our sweet brown friend, our loyal heart and true,
Thirteen years we walked with you, under skies of deepest blue.

A love so deep, a bond so strong, can never fade away,
We carry you within our souls, each and every day.

Outro

Now Coco-Bear and Buddy run, through flowers bright and deep,
Together once again, their happy secrets keep.
Chasing dreams in golden light, forever free and bold,
A perfect peace, a happy sight, a story to unfold.

Outro - guitar fade
