Naiya's Blue-Eyed Dream

A Tribute Song

Intro - piano, pads

Verse 1

From the moment we first met, our "Naiya Girl" so grand,
With sassiness and spirit, you claimed a special stand.
Your big beautiful blue eyes, a light that shone so bright,
Excited for each dinner, a joyous, hungry sight.
A fighter through the moments, against each challenge faced,
Our loving hearts adored you, no moment was replaced.
Mom and Dad still miss you, a love beyond compare,
Our husky spirit watches, floating in the air.

Chorus

Oh, Naiya, our sweet husky, through thirteen magical years,
You chased away our shadows, and dried away our tears.
A love so pure and gentle, a bond that will endure,
Our "Naiya Girl" forever, forever we are sure.

Verse 2

That moment coming home, your happy, wagging tail,
A comfort and a balance, that never seemed to fail.
Your gentle nose kisses, a warmth upon my cheek,
Those precious little gestures, the solace that I seek.
The quiet understanding, a knowing in your gaze,
Through all our busy moments, and through our passing days.
A void is left behind you, a silence in the room,
Dispelling every shadow, and chasing every gloom.

Chorus

Oh, Naiya, our sweet husky, through thirteen magical years,
You chased away our shadows, and dried away our tears.

Naiya's Blue-Eyed Dream (continued)

A love so pure and gentle, a bond that will endure,
Our "Naiya Girl" forever, forever we are sure.

Bridge

I'll see you again, my darling, beyond the morning dew,
Until then, visit me in dreams, along with brother Thomas too.
I'll love you and miss you always, my heart will hold you near,
A whisper in the starlight, banishing all fear.

Instrumental - cello, chimes

Final Chorus

Oh, Naiya, our sweet husky, through thirteen magical years,
You chased away our shadows, and dried away our tears.
A love so pure and gentle, a bond that will endure,
Our "Naiya Girl" forever, forever we are sure.

Outro - piano fade

Now free from every sickness, with walks and food to find,
You watch us from above, leaving no one behind.
Reunited with your loved ones, a joyful, happy chase,
Sleeping peacefully now, in that gentle, starry place.

Forever in our hearts
