Mya's Morning Kiss

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

I remember the warmth of your little body near
Snuggling close to me, chasing away every fear
You always had to touch me, my soul dog so true
A tiny sweet companion, in everything I do

Chorus

Oh, Mya, my sweet Mya, my heart feels you still
Ten beautiful years, a love that time cannot kill
Though you're gone from my sight, your spirit shines on
A precious bright light, from dusk until dawn

Verse 2

Our favorite time of day was waking with the sun
I'd say "Good morning Mya," and the joy had begun
You'd roll over for kisses, a sweet belly rub
And if I ran errands, you'd watch from the club
Of the window pane waiting, until I returned
Lessons of pure loyalty, my heart always learned

Chorus

Oh, Mya, my sweet Mya, my heart feels you still
Ten beautiful years, a love that time cannot kill
Though you're gone from my sight, your spirit shines on
A precious bright light, from dusk until dawn

Bridge

I love you Mya, my sweet girl, I whisper to the breeze

Mya's Morning Kiss (continued)

I will find you again someday, beyond the greenest trees
My heart holds your paw print, a bond that will never cease

Instrumental - ukulele solo

Final Chorus

Oh, Mya, my sweet Mya, my heart feels you still
Ten beautiful years, a love that time cannot kill
Though you're gone from my sight, your spirit shines on
A precious bright light, from dusk until dawn

Outro

Now you're running free with the wind in your hair
In God's perfect garden, without a single care
You're waiting for me there, bright and full of grace
Peaceful dreams, my Mya, in that beautiful place

Outro - guitar, ukulele fade

Forever in our hearts
