Maddie's Endless Morning

A Tribute Song

Intro - acoustic guitar, light percussion

Verse 1

From the very first day, a presence so slight
You followed my steps, my own guiding light
My little shadow, always so near
Chasing away every worry and fear
A mix of pure joy, with eyes warm and deep
My loyal companion, secrets to keep
Through changes and seasons, you stayed by my side
With a love that was endless, nowhere to hide

Chorus

Oh, Maddie, my girl, through fifteen long years
You chased away shadows and dried all my tears
A heart full of sunshine, a spirit so free
You'll always be running, right here with me
Yes, Maddie, my love, a bond strong and true
Every moment I cherish, I spent here with you

Verse 2

Those early mornings, the soft glow of dawn
Your happy bark echoed, a brand new day born
With wagging tail ready, for adventures anew
Every moment a gift, spent walking with you
The way you would listen, with tilt of your head
To every soft word, or kind thing I said
A comfort in silence, a joy in your play
You brightened my world in your own special way

Chorus

Maddie's Endless Morning (continued)

Oh, Maddie, my girl, through fifteen long years
You chased away shadows and dried all my tears
A heart full of sunshine, a spirit so free
You'll always be running, right here with me
Yes, Maddie, my love, a bond strong and true
Every moment I cherish, I spent here with you

Bridge

The time came to whisper, a goodbye so soft
But love like ours, Maddie, will never be lost
I love you, Maddie girl, hear my heart's plea
You'll forever be cherished, a part of my memory

Instrumental - violin, acoustic guitar

Final Chorus

Oh, Maddie, my girl, through fifteen long years
You chased away shadows and dried all my tears
A heart full of sunshine, a spirit so free
You'll always be running, right here with me
Yes, Maddie, my love, a bond strong and true
Every moment I cherish, I spent here with you

Outro

Now you're running free, with friends by your side
Angie, Dutch, Reagan, with Jock and Buster, wide
Across endless fields, under skies ever bright
My sweet Maddie girl, bathed in morning's soft light

Outro - guitar fade

Forever in our hearts
