Verse 1

The day I brought you home in the truck,
I cried and wished us the best of luck.
A life of love, I promised you,
My heart knew then our bond was true.
With every mention of a treat,
Your drooling made the moment sweet.
You gave your full attention then,
My hound dog, my dearest friend.

Chorus

Oh, Toffee, my sweet Toffee girl,
You truly brightened up my world.
For thirteen amazing years you stayed,
A love that never can be swayed.

Verse 2

The sheerest joy, when I walked in,
A happy whirlwind would begin.
With hundreds of kisses, wet and fast,
A wagging tail, a love built to last.
You'd roll around with crazy gleam,
A playful, vibrant, joyful dream.
My loyal girl, so full of grace,

Toffee's Good Life (continued)

Always ready for your embrace.

Chorus

Oh, Toffee, my sweet Toffee girl,
You truly brightened up my world.
For thirteen amazing years you stayed,
A love that never can be swayed.

Verse 3

With your keen nose, you'd lead the way,
Exploring wonders every day.
A loyal shadow, by my side,
In your big heart, I could confide.
You stood guard, watchful and so true,
Protecting all we held anew.
Our family's rock, a steady paw,
You lived by love's unchanging law.

Bridge

Your daddy's love will never cease,
You brought our family so much peace.
My first baby, Toffee Lumpkins dear,
You calmed away our every fear.
You protected, snuggled, loved us through,
A good, good girl, so strong and true.
I love you, Toffee, always will,
My heart forever you will fill.

Harmonica Solo

Final Chorus

Oh, Toffee, my sweet Toffee girl,
You truly brightened up my world.
For thirteen amazing years you stayed,
A love that never can be swayed.

Outro

Now sun bathing, in gentle light,
Or digging with your nose so bright.
Exploring realms, a happy sound,
Living the good life on hallowed ground.
You know our love, it sees no end,
My precious girl, my truest friend.

Outro - guitar fade
