

Remembering Ollie

Custom Pet Memorial Songs

Cory's Sunshine Run

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

I still remember that sweet sound
As your paws clicked across the ground
With something playful in your jowls, my friend
A game of chase that knew no end

Chorus

Oh, Cory, our bright star, so true
More than eleven years we had with you
Every memory, a sunlit day
You chased the shadows far away

Verse 2

The greatest welcome at the door
You'd greet us, wanting nothing more
With wagging tail and joyful bark
A loving spirit, leaving its mark

Chorus

Oh, Cory, our bright star, so true
More than eleven years we had with you
Every memory, a sunlit day
You chased the shadows far away

Bridge

Though silent now, your love remains
A warmth that washes through our pains
I love you, Cory, with all my heart

Cory's Sunshine Run (continued)

We'll meet again, a brand new start

Guitar Solo

Final Chorus

Oh, Cory, our bright star, so true
More than eleven years we had with you
Every memory, a sunlit day
You chased the shadows far away

Outro - piano fade

Now you're sleeping in the sun's warm glow
Running free, wherever breezes blow
Greeting Granny with a happy wag, we know
A peace eternal, watching seeds we sow.

Forever in our hearts
