Birdy's Sunlight Dream

A Tribute Song

Intro - piano, strings

Verse 1

A gentle paw, a soft hello,
Your ginger eyes, a warm glow.
You spoke to me, a quiet purr,
Next to me, where moments blur.
A tiny heart, so wise and deep,
While secrets in your gaze would keep.
My sweet ginger girl, so small and bright,
You filled my world with pure delight.

Chorus

Oh, Birdy, my love, my dearest friend,
Nineteen years, right to the end.
A lifetime shared, a silent vow,
I miss your gentle presence now.

Verse 2

Each night at bed, your sweet routine,
Between us both, a tender scene.
For pats and snuggles, you would stay,
Then to my feet, you'd softly sway.
A purring motor, warm and true,
My heart finds comfort thinking of you.
Your loving ways, a gentle art,
Forever etched within my heart.

Chorus

Oh, Birdy, my love, my dearest friend,
Nineteen years, right to the end.

Birdy's Sunlight Dream (continued)

A lifetime shared, a silent vow,
I miss your gentle presence now.

Verse 3

When you were small, through bush you'd roam,
With siblings, finding joys of home.
Then Dad built you a safe embrace,
A special outdoor, happy place.
Your clever mind, a knowing grace,
You'd come so quickly, set your pace.
In Dad's old shirts, a comfort deep,
Sweet memories for us to keep.

Chorus

Oh, Birdy, my love, my dearest friend,
Nineteen years, right to the end.
A lifetime shared, a silent vow,
I miss your gentle presence now.

Bridge

I love you so much, my beautiful baby girl,
You were the center of my world.
Please find me again, beyond the blue,
My heart forever waits for you.

Instrumental - piano, strings

Final Chorus

Oh, Birdy, my love, my dearest friend,
Nineteen years, right to the end.
A lifetime shared, a silent vow,
I miss your gentle presence now.

Outro

Now you're sleeping, peaceful and deep,
In a patch of sunlight, dreams to keep.
My Birdy, quiet, warm and free,
Forever watching over me.
