Chewey's Quiet Heart

A Tribute Song

Intro - ethereal piano

Verse 1

The day I held you close and tight,
A tiny form, a precious sight.
You laid your head upon my chest,
And in that moment, I felt blessed.
A Yorkie small, with eyes so bright,
You filled my world with pure delight.
From that first touch, my heart just knew,
My love for you would always be true.

Chorus

Oh, Chewey, my sweet Chewey dear,
For thirteen years and half a year,
You walked beside me, always near,
You chased away every fear.
Your quiet heart, a gentle beat,
Made every day feel so complete.

Verse 2

From early morning, sun's first ray,
Until the closing of the day,
You were right there, my faithful friend,
A loyal presence, without end.
Your tiny paws upon the floor,
A loving soul I could adore.
My shadow true, my little guide,
Forever walking by my side.

Chorus

Chewey's Quiet Heart (continued)

Oh, Chewey, my sweet Chewey dear,
For thirteen years and half a year,
You walked beside me, always near,
You chased away every fear.
Your quiet heart, a gentle beat,
Made every day feel so complete.

Bridge

I whisper now, though you're not here,
My love for you will conquer fear.
You'll always stay within our hearts,
Though sorrow tears our world apart.
We'll never stop remembering you,
Our dearest Chewey, brave and true.

Instrumental - classical guitar, piano

Final Chorus

Oh, Chewey, my sweet Chewey dear,
For thirteen years and half a year,
You walked beside me, always near,
You chased away every fear.
Your quiet heart, a gentle beat,
Made every day feel so complete.

Outro - ethereal piano fade

Now you are with your brother bright,
And our sweet granddaughter, bathed in light.
No longer suffering, free from pain,
You run and play in sun and rain.
Sleeping peacefully, free and light,
Beyond the day, into the night.

Forever in our hearts
