Gizmo's Golden Sun

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

Little paws that knew just how to greet
For every treat, a high five, oh so sweet
Your softest fur, a comfort to my hand
The dearest Shih Tzu in all of the land

Chorus

Oh, Gizmo, friend so true and bright
Sixteen years, you filled our lives with light
A tiny shadow, always by our side
In every memory, you still abide

Verse 2

That Christmas Eve, a gift beyond compare
A tiny bundle, banished every care
Into our world, you brought a gentle grace
Finding your own special, cozy place

Chorus

Oh, Gizmo, friend so true and bright
Sixteen years, you filled our lives with light
A tiny shadow, always by our side
In every memory, you still abide

Bridge

Until that day, when paths will cross once more
At Rainbow Bridge, beyond the distant shore
I'll hold you close, just like I used to do

Gizmo's Golden Sun (continued)

My dearest Gizmo, waiting just for you

Guitar Solo

Final Chorus

Oh, Gizmo, friend so true and bright
Sixteen years, you filled our lives with light
A tiny shadow, always by our side
In every memory, you still abide

Outro

Now running free, through fields of tallest green
No pain or sorrow, just a peaceful scene
Asleep in sunlight, gentle, warm, and deep
Your memory, our loving hearts will keep

Outro - guitar fade

Forever in our hearts
