Hope's Backyard Heartbeat

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

A brown brindle flash, they called her pittagater
With a fearsome growl, that was just for play later
Your bark filled the air, a joyful, loud sound
The most gentle spirit, we had ever found
You loved "walking buggers" and the blanket game too
Every moment with fun, you would see us through
You were such a gentle and fun-loving soul
You always made our hearts feel whole

Chorus

Oh, Hope, our sweet girl, with a heart pure and true
Eleven years of your love, shining brightly for you
A fun-loving soul, a loyal best friend
Our love for you, Hope, will never end

Verse 2

From the backyard gate, you'd be waiting for me
A race to the house, full of joy and glee
Back door for your paws, front door for my stride
With a wiggle and a wag, right by our side
You loved your mates dearly, Rascal and Mario, too
And Arlo, your true love, stuck by you
He still lays on your grave, misses you every day
His heart calls your name, in his own special way

Chorus

Oh, Hope, our sweet girl, with a heart pure and true
Eleven years of your love, shining brightly for you

Hope's Backyard Heartbeat (continued)

A fun-loving soul, a loyal best friend
Our love for you, Hope, will never end

Bridge

Have fun playing now, Hope, with your friends so free
All your pain is now gone, for all the world to see
Watch for Arlo, dear girl, he'll be coming to you
And me and mamma will find you all again, it's true

Guitar Solo

Final Chorus

Oh, Hope, our sweet girl, with a heart pure and true
Eleven years of your love, shining brightly for you
A fun-loving soul, a loyal best friend
Our love for you, Hope, will never end

Outro

Now running with Rascal, beyond the rainbow's light
Meeting Angel and Sissy, a beautiful sight
Hope 1 and Sprout there, with joy in their stride
Forever in peace, with nothing to hide

Outro - harmonica, guitar fade

Forever in our hearts
