Buddy's Gentle Dream

A Tribute Song

Intro - piano, synth pads

Verse 1

A tiny bundle, soft and pure, a furry little friend
You ran the farm, a happy blur, a joy that would not end
Each night we heard your gentle snore, a sleepy, sweet refrain
You tried to play, then loved us more, again and yet again

Chorus

Oh, Buddy, sweet Buddy, our dear little star
For fourteen wonderful, loving years, you showed us who you are
A shadow so faithful, a heart so true
We'll always remember our time with you

Verse 2

When we came home, your happy sound, a comfort at the door
And after dinner, safe and sound, you'd sleep upon our floor
You cried when Brian went away, a bond so clear to see
Your baths, your walks, brightened every day, you just loved us, wild and free

Chorus

Oh, Buddy, sweet Buddy, our dear little star
For fourteen wonderful, loving years, you showed us who you are
A shadow so faithful, a heart so true
We'll always remember our time with you

Bridge

Thank you for being the great little dog, you truly were the best
We love you so much, we miss you, old hog, now you can truly rest
No more pain, just peace profound, a whispered, soft adieu

Buddy's Gentle Dream (continued)

Your loving spirit all around, eternally with you

Instrumental - piano, flute

Final Chorus

Oh, Buddy, sweet Buddy, our dear little star
For fourteen wonderful, loving years, you showed us who you are
A shadow so faithful, a heart so true
We'll always remember our time with you

Outro

Not in pain now, a gentle sigh,
Thanking us for care, till the end of your time
Sleeping so peacefully, beneath the sky
Our dear sweet Buddy, in a gentle dream now, you fly

Outro - piano fade

Forever in our hearts
