Tempo: 65-70 BPM===, ===

Intro - piano, acoustic guitar

Verse 1

Visits to Grandma and Papa's place

Cousin Molly by your side

You'd greet us at the door with such grace

Like we left you there to hide

Sitting pretty, on your back paws so neat

Waving gently, a charming little show

Mom's embrace, oh so sweet

From the very start, you made her heart glow

Chorus

Sweet Maggie Mae, our love so true

Sixteen long years, we spent with you

A little white cloud, a joyful sight

Shining brightly, our guiding light

Verse 2

When evening fell, and day was done

You knew it was time for bed

Collar off, our little one

In your birthday suit, softly led

Right beside our legs you'd nestle deep

A furry warmth, a comforting hold

Ensuring we would never creep

Maggie Mae's Gentle Slumber (continued)

A story of devotion, beautifully told

Chorus

Sweet Maggie Mae, our love so true
Sixteen long years, we spent with you
A little white cloud, a joyful sight
Shining brightly, our guiding light

Verse 3

Maggie Mae, you held on tight
So we could whisper our goodbyes
You showed us gently, with all your might
That freedom from pain was in your eyes
We saw your spirit begin to soar
Though every part of you we'll miss
Our love for you will last forevermore
Sealed with a final, tender kiss

Chorus

Sweet Maggie Mae, our love so true
Sixteen long years, we spent with you
A little white cloud, a joyful sight
Shining brightly, our guiding light

Bridge

Oh, I love you Maggie Mae, my dear
Some day we will meet again, I know
We miss you Maggie Mae, wish you were here
Though in our hearts, your spirit will grow

Instrumental - piano, cello

Final Chorus

Sweet Maggie Mae, our love so true
Sixteen long years, we spent with you
A little white cloud, a joyful sight
Shining brightly, our guiding light

Outro

Now you're running free on emerald grass
With Alex by your side, no pain to bear
You let us know your time had come to pass
Fading gently, with love in the air

Maggie Mae's Gentle Slumber (continued)

We gathered close, to say our last goodbyes
But in our dreams, we see your sweet repose
A peaceful slumber, beneath starlit skies
Our little Maggie, where true comfort grows

Outro - piano fade

Forever in our hearts
