Tux, My Guiding Star

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

Your big paws hit the gate, a familiar sound
Your nails would drag on concrete, all around
A massive heart, a loyal, gentle giant, so true
A faithful friend, always there, through and through
Six years flew by, a blur of joy and grace
Always by my side, finding your special place
A rumble in your chest, a greeting deep and low
My mighty Tux, watching my home glow.

Chorus

Oh, Tux, my baby, for six long years we shared
Every single moment, truly cherished, truly cared
Your spirit runs free, beyond the sun and rain
A love like ours will always still remain.

Verse 2

Coming home from work, your happy, eager face
A wagging tail, filling up every space
We'd light the fire in the shed, a warmth so deep and true
Just kicking back together, me and you.
No words were ever needed, just a knowing glance we'd hold
Stories in your eyes, braver than pure gold
The comfort of your presence, strong and ever near
Wiping away every doubt and every fear.

Chorus

Oh, Tux, my baby, for six long years we shared
Every single moment, truly cherished, truly cared

Tux, My Guiding Star (continued)

Your spirit runs free, beyond the sun and rain
A love like ours will always still remain.

Bridge

Hey Tux, my baby, I love you and miss you so much
Wishing I could feel your soft ears with just one touch
The quiet in the house, it echoes deep inside
A piece of my own heart, with you it will abide.

Guitar Solo

Final Chorus

Oh, Tux, my baby, for six long years we shared
Every single moment, truly cherished, truly cared
Your spirit runs free, beyond the sun and rain
A love like ours will always still remain.

Outro

Now you're my star up in the sky, watching over me
Just as you always did, for all the world to see
Running through the heavens, peaceful, strong, and free
Tux, my dear old friend, waiting there for me.

Outro - guitar fade
