Radar's Gentle Greeting

A Tribute Song

Intro - acoustic guitar, light percussion

Verse 1

With watchful eyes, a loyal friend
A German Shepherd, strong and true
My loving, caring, protector, till the end
Every day felt fresh and new

Oh, Radar, my sweet boy, a light so grand
Six wonderful years, paw in my hand
You filled my world with joy and grace
Forever cherished, in this heart's warm place

Verse 2

When I came home, tired and low
You'd meet me there, a joyful sight
A gentle noise, a loving glow
Making everything feel right

Oh, Radar, my sweet boy, a light so grand
Six wonderful years, paw in my hand
You filled my world with joy and grace
Forever cherished, in this heart's warm place

The quiet words, a tender plea
A whisper soft, for you to hear
I love you, my sweet boy, eternally

Though gone, you're always near

Now you're lying down, relaxing still
In front of my room, so calm and deep
A peaceful slumber, across the hill
While in my heart, your memories sleep
