Verse 1

From the moment you arrived, a soulful gaze so deep,
A loyal, sweet companion, secrets you would keep.
A Leonberger heart, so gentle and so grand,
You loved us more than anything, throughout this earthly land.
Devoted and connected, a bond that grew so strong,
In our hearts, you knew where you belonged.

Chorus

Oh, Teak Acadia, 11 incredible years flew past,
A love like yours, we know it's truly built to last.
You taught us what devotion means, with every gentle sigh,
Our loyal, sweet boy, beneath the wide, blue sky.

Verse 2

No matter time or season, you just wanted us near,
Your loving licks and greetings, chasing away all fear.
With every wagging tail, a joy that filled the air,
A silent understanding, beyond compare.
Always by our side, a constant, faithful friend,
Right until the very end.

Chorus

Teak's Forever Kingdom (continued)

Oh, Teak Acadia, 11 incredible years flew past,
A love like yours, we know it's truly built to last.
You taught us what devotion means, with every gentle sigh,
Our loyal, sweet boy, beneath the wide, blue sky.

Verse 3

My constant loving shadow, you knew my every trace,
A soul dog deeply entwined, in your favorite place.
The peace and sweet security, your presence always brought,
With every paw held gently, a lesson dearly taught.
My world revolved around you, a love so pure and true,
A piece of me went with you, when I finally said adieu.

Bridge

"I love you Teak," my final whisper, soft and true,
"Thank you for the years of unconditional love from you."
"Run free now," sweet boy, "visit me often," please do,
Your memory lives inside, forever shining through.

Harmonica Solo

Final Chorus

Oh, Teak Acadia, 11 incredible years flew past,
A love like yours, we know it's truly built to last.
You taught us what devotion means, with every gentle sigh,
Our loyal, sweet boy, beneath the wide, blue sky.

Outro

Now reunited with Bleu and Falkor, where the green fields call,
Chasing tennis balls, standing proud and tall.
Surveying your kingdom, free from pain and strife,
Running free, a peaceful, endless life.

Outro - acoustic guitar fade
