Daubi's Spotlight

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

Remember that day, a champion's stance,
Westminster's grand hall, a show-stopping glance.
Best of Breed shining, a proud, lively boy,
In the Working Group ring, you filled us with joy.
A German Pinscher, with spirit so keen,
The finest example, a beautiful scene.
Your elegant gait, your intelligent gaze,
You truly amazed us through all of your days.

Chorus

Oh, Daubi, dear Daubi, our bright shining star,
Three and a half amazing years, no matter how far.
You taught us to love with a heart so immense,
Your joyful spirit made perfect sense.

Verse 2

Every moment was special, a gift from above,
Filled with your charm and your generous love.
You never met a stranger, just friends you would greet,
Believing the world was laid out at your feet.
A confident soul, with a sparkle in your eye,
You owned every room, as the moments flew by.
A heart full of mischief, a playful soft bark,
You brightened our lives, leaving your beautiful mark.

Chorus

Oh, Daubi, dear Daubi, our bright shining star,
Three and a half amazing years, no matter how far.

Daubi's Spotlight (continued)

You taught us to love with a heart so immense,
Your joyful spirit made perfect sense.

Verse 3

From showing to sports, you loved being a team,
Living out every wonderful dream.
NOHS Platinum, achieved in record time,
You truly were one of a kind, in your prime.
No stranger you met, just a friend to embrace,
You brought joyful kisses to every face.
An ambassador grand, with a confident air,
A larger-than-life presence, beyond all compare.

Bridge

Run free now, sweet Daubi, with Lexi and Leia, too,
I hope you love Boomer, as much as I do.
Don't forget Woofie, waiting there for you to see,
Love you more than I could have ever imagined, wild and free.
See you soon, my dear friend, when my journey is done,
Until then, keep shining, like the bright morning sun.

Instrumental - piano, acoustic guitar

Final Chorus

Oh, Daubi, dear Daubi, our bright shining star,
Three and a half amazing years, no matter how far.
You taught us to love with a heart so immense,
Your joyful spirit made perfect sense.

Outro

Watching over me now, I feel you so near,
Whispering gently, "everything's clear."
Run freely and play, on fields ever green,
My beautiful Daubi, a king and a dream.

Outro - guitar fade

Forever in our hearts
