

Remembering Ollie

Custom Pet Memorial Songs

Canella's Evening Drive

A Tribute Song

Intro - acoustic guitar, banjo

Verse 1

A tiny bundle in my hand, so frail and new
Just two days old, a love that instantly grew
With careful bottle feeds, you took your first soft sips
A Yorky doodle, love on tiny fingertips

Chorus

Canella, my dear, it's been so long
Eleven years, ten months, our gentle song
A bond unbreakable, strong and true
My sweet girl, I'll always miss you

Verse 2

The engine hum, our daily, cherished treat
Just after dinner, driving down the street
Our quiet time, the window slightly down
The happiest girl in any town

Chorus

Canella, my dear, it's been so long
Eleven years, ten months, our gentle song
A bond unbreakable, strong and true
My sweet girl, I'll always miss you

Bridge

I whispered softly, just to you that day
"I know you wanna go with me, but it's too hot right now, we will go later, my love"
My sweet Canella, sent from above

Canella's Evening Drive (continued)

Forever cherished, our beautiful dove

Harmonica Solo

Final Chorus

Canella, my dear, it's been so long
Eleven years, ten months, our gentle song
A bond unbreakable, strong and true
My sweet girl, I'll always miss you

Outro

I feel you still beside me, right here
On the couch, so very near
Now you rest in fields of endless green
My sweet Canella, forever serene

Outro - acoustic guitar fade

Forever in our hearts
