Charlie's Loyal Heart

A Tribute Song

Intro - piano, strings

Verse 1

From the moment you bounded, a furry delight,
A Labradoodle's spirit, shining so bright.
Every day returning, your joy was my prize,
Reflected so truly in your loving eyes.

My loyal companion, through shadows and strife,
You brought hope and comfort back into my life.
When loneliness lingered, and solace felt far,
You were my bright beacon, my guiding star.

Chorus

Oh, Charlie, my dear friend, my steadfast and true,
Eleven years of memories, shared just with you.
A bond woven deeply, a love ever strong,
Where in my heart, you forever belong.

Verse 2

As twilight descended and soft shadows crept,
Beside me you'd curl, while the whole world still slept.
Your gentle presence, a comforting grace,
Never letting me wander from your watchful embrace.

A paw on my leg, or a sigh in the night,
You kept me in focus, held me ever so tight.
Your quiet devotion, a lesson you taught,
The purest of love, so freely you brought.

Chorus

Oh, Charlie, my dear friend, my steadfast and true,

Charlie's Loyal Heart (continued)

Eleven years of memories, shared just with you.
A bond woven deeply, a love ever strong,
Where in my heart, you forever belong.

Verse 3

Your gaze held a wisdom, a knowing so deep,
Secrets unspoken, you promised to keep.
A nudge of your head, a soft, quiet sigh,
Reflected the thoughts that flew silently by.

With every new sunrise, or sun's gentle fall,
You answered life's rhythm, responding to call.
My shadow, my echo, wherever I'd roam,
Making even the simplest of houses a home.

Bridge

Charlie, I love you so much, with all of my soul,
You made my fractured spirit feel perfectly whole.
Thank you for being there, a constant embrace,
Filling every dark moment with light and with grace.

Instrumental - strings, acoustic guitar

Final Chorus

Oh, Charlie, my dear friend, my steadfast and true,
Eleven years of memories, shared just with you.
A bond woven deeply, a love ever strong,
Where in my heart, you forever belong.

Outro

Now I see you running, where green fields extend,
Your tail ever wagging, until the very end.
Happy and carefree, in eternal delight,
My Charlie, still greeting me, bathed in warm light.

Outro - cello fade
