Skylar's Joyful Spirit

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

I remember the day Mom first held you near,
A blue pitbull pup, calming every fear.
Then home you came, with Payton and Parker you'd snuggle,
No matter the moment, no matter the struggle.
Your frog dog lay, a sight so sweet and true,
Pinning us down for kisses, from your heart so new.
A gentle giant, with a love so deep and wide,
Always right there, close by our side.

Chorus

Oh, Skylar, our sweet girl, a light so bright,
Almost eight years filled with joy and pure delight.
You taught us lessons, with every single move,
Our Skylar, our darling, our forever love.

Verse 2

When bedtime came, you knew just what to do,
A flurry of snuggles, your kisses coming through.
Room to room you'd go, a guardian, brave and keen,
Making sure we were safe, the best protector we'd seen.
You'd jump on every visitor, a funny, boisterous sound,
But always protecting, wherever we were found.
Right in our business, that's where you loved to be,
Laying with our son, sitting with our daughter, so free.

Chorus

Oh, Skylar, our sweet girl, a light so bright,
Almost eight years filled with joy and pure delight.

Skylar's Joyful Spirit (continued)

You taught us lessons, with every single move,
Our Skylar, our darling, our forever love.

Verse 3

You wanted to be right there, in all that we would do,
A part of our moments, fresh and ever new.
Watching our daughter, as she'd get ready for school,
A silent companion, breaking every rule.
Then with our son, while gaming or on his bright screen,
Your head on his lap, the most comforting scene.
You gave us laughter, through sunshine and the rain,
A loyal heart beating, easing every pain.

Bridge

We miss you, baby girl, life's not the same without your grace,
And it never will be, no one can fill your space.
Thank you for loving us, so pure and wild and free,
Until we meet again, Sky Sky, for all eternity.
You helped us through the darkest moments, strong and true,
Forever in our hearts, our endless love for you.

Instrumental - acoustic guitar, light percussion

Final Chorus

Oh, Skylar, our sweet girl, a light so bright,
Almost eight years filled with joy and pure delight.
You taught us lessons, with every single move,
Our Skylar, our darling, our forever love.

Outro

Now running free with Chloe, Papa, and Grandpa, you play,
Living your best life, eating chocolate every day.
Waiting for us, we know you'll greet us with a smile,
Our sweet Sky Sky, running free for miles and miles.

Forever in our hearts
