Moji's Gentle Gaze

A Tribute Song

Intro - piano, strings

Verse 1

With smallest paws, a giant heart so true,
Your loving eyes would always look at me and through.
A gentle snuggle, warm and soft and deep,
Each night beside me, quietly you'd sleep.
My little shadow, following close behind,
The truest comfort my soul could ever find.
A loyal spirit, steadfast, bright, and kind,
Leaving paw prints on my heart and mind.

Chorus

Oh, Moji, my dear, in every fading light,
Eleven years, you made my world so bright.
A bond unbreakable, a love so pure,
Your gentle gaze, a promise to endure.

Verse 2

Each time I walked through that familiar door,
Your joyful bark, then wagging on the floor.
Upon the couch, a constant, cozy friend,
Those precious moments never seemed to end.
With little sighs and softest, sleepy sound,
The sweetest spirit could always be found.
A happy dance, a tender, loving plea,
Your whole existence, centered just on me.

Chorus

Oh, Moji, my dear, in every fading light,
Eleven years, you made my world so bright.

Moji's Gentle Gaze (continued)

A bond unbreakable, a love so pure,
Your gentle gaze, a promise to endure.

Verse 3

So fiercely loyal, you would stand your ground,
To guide my son, with gentle, playful sound.
You'd bark him softly, from his quiet space,
Right to my side, with love upon your face.
Then patiently, you'd wait outside my door,
A watchful friend, always wanting more.
Each tiny gesture, showed your heart so deep,
My little guardian, secrets you would keep.

Chorus

Oh, Moji, my dear, in every fading light,
Eleven years, you made my world so bright.
A bond unbreakable, a love so pure,
Your gentle gaze, a promise to endure.

Bridge

So take my love, the depth within my soul,
Let every piece of my heart make you whole.
Forever know, my dearest, precious friend,
My love for you will never, ever end.

Instrumental - strings, piano swell

Final Chorus

Oh, Moji, my dear, in every fading light,
Eleven years, you made my world so bright.
A bond unbreakable, a love so pure,
Your gentle gaze, a promise to endure.

Outro

No more pain, a spirit light and free,
Running strong across the verdant lea.
With furry friends, beneath an endless sky,
My sweet Moji, your love will never die.

Outro - strings fade

Forever in our hearts
