

Remembering Ollie

Custom Pet Memorial Songs

Billy's Driveway Dawn

A Tribute Song

Intro - piano, strings

Verse 1

I remember when you'd hear my car draw near
A tiny schnauzer, banishing all fear
Running to the door, a joyful, happy sound
The sweetest greeting ever could be found
Then a leap onto the couch, beside me you would be
Your furry warmth a comfort, just for me
A loyal shadow, always by my side
With nowhere in this big wide world to hide

Chorus

Oh, Billy, dear Billy, my sweet little friend
For six years and eight months, our journey did extend
Though silent now, your love still softly gleams
You visit me often in my fondest dreams

Verse 2

Each morning when the sun began to climb
We'd walk the driveway, marking out our time
To feed the gentle horses, a routine we knew
Just you and I, a moment fresh and new
Your tiny beard held wisdom, eyes so bright
You filled our home with laughter, pure delight
A curious spirit, brave and always keen
The best companion anyone had seen

Chorus

Oh, Billy, dear Billy, my sweet little friend
For six years and eight months, our journey did extend

Billy's Driveway Dawn (continued)

Though silent now, your love still softly gleams
You visit me often in my fondest dreams

Verse 3

You loved to venture 'OUTSIDE', keen and bright,
For every ride, your joy would take its flight.
My truck's own rumble, you alone would know,
Before I even reached our home below.
A playful heart, for rabbits, squirrels you'd chase,
With loyalty and love, in every space.
A snuggler true, right close against my chest,
Your gentle presence, always brought me rest.

Bridge

I will love you till the end of time, I softly say
And know you're checking squirrels and rabbits, far away
No pain can touch you now, you're strong and truly free
Your spirit dances brightly, endlessly

Instrumental - piano, strings

Final Chorus

Oh, Billy, dear Billy, my sweet little friend
For six years and eight months, our journey did extend
Though silent now, your love still softly gleams
You visit me often in my fondest dreams

Outro

Running free, no accident to mar your stride
With open fields and endless space to hide
A peaceful slumber, waiting for us there
Billy, my sweet boy, beyond compare

Outro - piano fade

Forever in our hearts
