
Sadie's Gentle Slumber

A Tribute Song

Intro - warm piano, soft guitar

Verse 1

A gentle soul, a heart so true
Fifteen years, my loyal friend, with me and you
A wagging tail, a joyful sound
The sweetest girl, you always could be found
You loved your family, every single day
And for your treats, you'd always beg and pray
A sunny coat, a friendly face
Filled every corner of our sacred space

Chorus

Oh Sadie, Sadie, fifteen years we knew
A love so pure, forever shining through
Now rest your head, the day is softly done
Our sweet Sadie, beneath the evening sun

Verse 2

When dusk would fall, and stars began to gleam
You'd lay beside me, like a peaceful dream
Our heads together, quiet and so deep
Just us two, secrets we would keep
A gentle sigh, a paw upon my hand
The truest comfort in all of the land
Your sleepy gaze, a tender, loving plea
My heart felt full, just you and me

Chorus

Oh Sadie, Sadie, fifteen years we knew
A love so pure, forever shining through
Now rest your head, the day is softly done
Our sweet Sadie, beneath the evening sun

Verse 3

Sadie's Gentle Slumber (continued)

Each morning light, a walk was always due,
With happy steps, we'd wander, me and you.
A gentle hand, a rub upon your chest,
Your Lamy toy, the one you loved the best.

Bridge

I whispered softly, as you drifted far
Beyond the clouds, beyond the brightest star
Be a good girl, my sweet and gentle friend
I come back, our love will never end

Instrumental - soft piano, cello

Final Chorus

Oh Sadie, Sadie, fifteen years we knew
A love so pure, forever shining through
Now rest your head, the day is softly done
Our sweet Sadie, beneath the evening sun

Outro

Now you are free, in meadows green and wide
Chasing rabbits, with nothing left to hide
Sunbathing softly, in the warm backyard light
Sweet Sadie's spirit, shining ever bright

Outro - piano fade

Forever in our hearts
