
Calisto's Guiding Star

A Tribute Song

Intro - strings, piano

Verse 1

You were my soul, a light so bright
A tiny nurse, banishing night
My little psychologist, always near
You chased away all doubt and fear
With every wag, a happy beat
Making our little home so sweet
You brought us joy, a gentle grace
Happiness shone from your loving face

Chorus

Oh, Calisto, my sweet Cali dear
Fifteen and a half years, holding you near
A precious princess, loyal and true
Our hearts forever connected to you
Though you're gone, your spirit remains
Through sunny skies and gentle rains

Verse 2

You'd check on us, a watchful gaze
Through all our weary, busy days
Our little mascot, charming and keen
At company events, our shining queen
In the office, always by my side
A loving mamma, with nothing to hide
To Bronxton and Blankito, a guiding hand
The sweetest sister in all the land

Chorus

Oh, Calisto, my sweet Cali dear
Fifteen and a half years, holding you near
A precious princess, loyal and true

Calisto's Guiding Star (continued)

Our hearts forever connected to you
Though you're gone, your spirit remains
Through sunny skies and gentle rains

Verse 3

You loved our rides, the wind in your fur
To Dutchbros trips, with barely a stir
A pup cup treat, a happy delight
Making every journey bright
With daddy you'd dance, held close and so near
No adventure too grand, banishing fear
Our little princess, brave and so bold
A story of love, forever to be told

Bridge

From heavens high, your gaze so deep
Our little princess, secrets to keep
Watch over us, your family here
And hold us close, banish all fear
Take care of mommy, me, and your brothers too
Our loving Cali, forever with you

Instrumental - strings, piano, flute

Final Chorus

Oh, Calisto, my sweet Cali dear
Fifteen and a half years, holding you near
A precious princess, loyal and true
Our hearts forever connected to you
Though you're gone, your spirit remains
Through sunny skies and gentle rains

Now a queen of heavens, soaring free
Our sweet princess, forever with thee
Sleeping peacefully, beyond the blue
Our hearts remember, we'll always love you
