
Buddy's Pond Dream

A Tribute Song

Intro - piano

Verse 1

I recall that first sweet sound so clear
A happy bark that chased away all fear
My Buddy, a black lab, loyal and true
My world felt brighter, just having you

Chorus

Oh, sweet Buddy, how I miss your light
For fifteen years, you filled my days and night
A gentle soul, a heart so pure and deep
In silent dreams, your memory I keep

Verse 2

Those long walks we took, to the quiet pond
Watching you splash, a loving, happy bond
The cool water, glistening on your fur
Every moment with you, a gentle blur

Chorus

Oh, sweet Buddy, how I miss your light
For fifteen years, you filled my days and night
A gentle soul, a heart so pure and deep
In silent dreams, your memory I keep

Verse 3

The quiet comfort, a head upon my lap
A gentle paw, bridging every gap
Fifteen years of loyal, silent grace
A cherished friend, time cannot erase

Bridge

A whisper echoes through the morning air

Buddy's Pond Dream (continued)

A promise whispered, beyond all despair
We will meet again someday, I truly swear
Until that moment, my love, my care

Instrumental - piano, cello

Final Chorus

Oh, sweet Buddy, how I miss your light
For fifteen years, you filled my days and night
A gentle soul, a heart so pure and deep
In silent dreams, your memory I keep

Outro

On Rainbow Bridge, you softly rest your head
Watching over me, with every word unsaid
A peaceful dream, a silent, knowing gaze
Through golden fields, in gentle, sunlit haze
