Sassy's Joyful Dance

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

Her loving licks, a sweet embrace
A gentle smile upon her face
Our baby girl, with joyful sound
The sweetest love we ever found
A fluffy mix of grace and fun
She truly loved 'til day was done
Our little Sassy, bright and keen
The happiest dog we'd ever seen

Chorus

Oh, Sassy, our sweet baby girl
You brightened up our whole wide world
For fourteen years, your love so deep
A joyful promise we will keep

Verse 2

Each morning light, a gentle plea
You'd wake right there, beside with me
Your loving presence, soft and near
Chasing away all doubt and fear
A faithful heart, a loyal friend
Your happy spirit had no end
You'd dance and prance with tiny paws
Defying all of nature's laws

Chorus

Oh, Sassy, our sweet baby girl
You brightened up our whole wide world
For fourteen years, your love so deep
A joyful promise we will keep

Bridge

Sassy's Joyful Dance (continued)

Though paths may part, and seasons turn
A truth inside our hearts will burn
We'll meet again, my sweet old friend
And those sweet licks will never end

Ukulele Solo

Final Chorus

Oh, Sassy, our sweet baby girl
You brightened up our whole wide world
For fourteen years, your love so deep
A joyful promise we will keep

Outro

Now running free, with joyful stride
New happy friends by your dear side
In sunlit fields, you play and roam
Our Sassy's found her happy home

Outro - piano fade

Forever in our hearts
