
Rumbles' Sweet Lullaby

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

From the moment that I saw your sweet face
A tiny Maltipoo, full of grace
You were held like a baby, so small and so light
With your head tucked under my chin, holding you tight
Your little soft belly, rubbed with such care
A gentle warm comfort, beyond all compare
Those first precious moments, etched deep in my soul
Making my broken heart wonderfully whole

Chorus

Oh, Rumbles, my darling, my sweet baby boy
You brought fifteen years and eight months of joy
A love so pure, a bond strong and true
My heart will forever be longing for you

Verse 2

Every morning, our special sweet time
As you ate your good food, the pleasure was prime
And your water so fresh, a true regal treat
Then naptime would find you right by my feet
You had to sleep closest, no matter the place
A soft, fluffy shadow, with love in your gaze
Those little quirks made you special to me
The best companion a soul could ever see

Chorus

Oh, Rumbles, my darling, my sweet baby boy
You brought fifteen years and eight months of joy
A love so pure, a bond strong and true
My heart will forever be longing for you

Bridge

Rumbles' Sweet Lullaby (continued)

I'd whisper your lullaby, soft in your ear
"Him is a baby and him is a baby and him is a baby too
You'll always be my baby boy"
Then a kiss on your head, a nose kiss so dear
A love that could silence all sorrow and fear

Instrumental - gentle strings, piano

Final Chorus

Oh, Rumbles, my darling, my sweet baby boy
You brought fifteen years and eight months of joy
A love so pure, a bond strong and true
My heart will forever be longing for you

Outro

Now you're laying peacefully, bathed in the sun
No pain and no worries, your resting has begun
Waiting to lay by my feet once again
Sweet Rumbles, my love, till we meet in the end

Outro - piano fade

Forever in our hearts
