
Fuz, My Happiest Hello

A Tribute Song

Intro - piano, glockenspiel

Verse 1

With teddy bear ears so soft and sweet,
A gaze into my soul, love couldn't be beat.
A Border Collie spirit, loyal and keen,
The truest devotion I have ever seen.
Your fierce, deep affection, a breathtaking sight,
Filled every moment with warmth and with light.
A gentle companion, always so near,
Chasing away every worry and fear.

Chorus

Oh, Fuz, my dearest, my heart's true beat,
Thirteen years flew by, bittersweet.
My loyal shadow, my constant friend,
A love like ours will never end.

Verse 2

No matter the time, short or long I'd gone,
At the top of the stairs, you'd greet me at dawn.
A favorite toy held tight in your mouth,
Knowing its name, north, west, east, and south.
With wagging tail and bright, happy eyes,
You'd banish the sorrow, or any disguise.
Your playful spirit, so kind and so bright,
You filled all my days with pure, gentle light.

Chorus

Oh, Fuz, my dearest, my heart's true beat,
Thirteen years flew by, bittersweet.
My loyal shadow, my constant friend,
A love like ours will never end.

Verse 3

Fuz, My Happiest Hello (continued)

Through every season, you walked by my side,
In your quiet comfort, I could always confide.
A steady presence, a loyal embrace,
Filling our home with such gentle grace.
Your simple joy, a lesson so true,
In every moment, my love grew for you.
You were my anchor, through calm and through storm,
Keeping my spirit forever warm.

Bridge

You were my happiest hello, a joy beyond measure,
My hardest goodbye, my most precious treasure.
My "heart dog" always, a bond ever true,
Fuz, I will love you forever, my good boy, you.

Instrumental - piano, strings

Final Chorus

Oh, Fuz, my dearest, my heart's true beat,
Thirteen years flew by, bittersweet.
My loyal shadow, my constant friend,
A love like ours will never end.

Outro

Now over the Rainbow, in sun's gentle gleam,
In lush green grass, living out a sweet dream.
With all of our loved ones, you're waiting for me,
Ensuring they're ready, for all eternity.
Running free and joyful, beneath endless skies,
My Fuz, my sweet Fuz, where true love never dies.
