# Copper's Companion Song

*A Tribute Song*

**Intro - acoustic guitar, harmonica**

**Verse 1**

From the first day you entered, a shadow so dear
My kitchen companion, banishing all fear
A beautiful beagle, with eyes full of knowing
A soul doggy truly, with love ever growing
Wherever I wandered, you'd follow along
My constant protector, my comfort, my song
You understood feelings, without a sound made
A bond woven deeply, that never will fade.

**Chorus**

Oh, Copper, sweet Copper, through eleven full years
You wiped away sadness and dried all my tears
My true soul doggy, a love so profound
The best friend a heart could have ever found

**Verse 2**

I'd remember the snuggles, so close to my side
Where secrets were whispered, nowhere to hide
You'd curl up beside me, a soft, gentle weight
With thick velvety ears, a blessing of fate
A head on my shoulder, a comforting sigh
Beneath the same moon, gazing up at the sky
Those moments were magic, a peace in your gaze
Now cherished forever, through all of my days.

**Chorus**

Oh, Copper, sweet Copper, through eleven full years
You wiped away sadness and dried all my tears
My true soul doggy, a love so profound
The best friend a heart could have ever found

**Verse 3**

*Copper's Companion Song (continued)*

I'd recall morning greetings, a tail wagging low
The silent devotion, wherever I'd go
A soft nudge against me, a knowing, deep gaze
You brightened my spirit, through all of my days
You chased every shadow, with laughter and light
My faithful companion, from morning 'til night
Each step by my side, a true, steady beat
My Copper, my darling, forever so sweet.

**Bridge**

Though silence is heavy, and shadows now fall
I hear your last whisper, answering love's call
I will always love you, with all of my heart
And know someday, darling, we won't be apart.

**Harmonica Solo**

**Final Chorus**

Oh, Copper, sweet Copper, through eleven full years
You wiped away sadness and dried all my tears
My true soul doggy, a love so profound
The best friend a heart could have ever found

**Outro**

Now you're eating all the foods, running wild and so free
Playing with Buddy and Cookie, waiting for me
A spirit unbound, beneath skies ever bright
Rest easy, my Copper, sleep well through the night.

**Outro - guitar fade**

*Forever in our hearts*
