Bailey's Gentle Light

A Tribute Song

Intro - acoustic piano, cello

Verse 1

Through every sorrow, every fall,
Your steady presence saw it all.
A loyal shadow, close to me,
My brave German Shepherd, wild and free.
You watched me mend, you watched me grow,
A gentle comfort, soft and low.
Always by my side, a steadfast friend,
Right till the very bitter end.

Chorus

Oh, Bailey, my sweet girl so true,
Fourteen long years I spent with you.
A silent promise, pure and deep,
While I would laugh and I would weep.
My heart still whispers out your name,
Though nothing ever feels the same.
My faithful angel, strong and bright,
You were my guiding, gentle light.

Verse 2

The quiet moments, late at night,
Your gentle gaze, a peaceful sight.
Before I'd drift to sleep's embrace,
I'd see the kindness in your face.
A silent guardian, ever near,
Dispelling every single fear.
Your steady breathing, soft and low,
The sweetest comfort I would know.

Chorus

Oh, Bailey, my sweet girl so true,

Bailey's Gentle Light (continued)

Fourteen long years I spent with you.
A silent promise, pure and deep,
While I would laugh and I would weep.
My heart still whispers out your name,
Though nothing ever feels the same.
My faithful angel, strong and bright,
You were my guiding, gentle light.

Verse 3

The 'Momma Bear' with gentle paw,
The chosen one, without a flaw.
You traveled far, through sun and rain,
My constant rock, through joy and pain.
From mother's arms to her last breath,
You saw us through both life and death.
Now in my yard, beneath the green,
The greatest love I've ever seen.

Bridge

My earthly angel, strong and kind,
A love like yours, so hard to find.
I miss you so much, with all my heart,
It's hard to know we're miles apart.

Instrumental - cello, piano

Final Chorus

Oh, Bailey, my sweet girl so true,
Fourteen long years I spent with you.
A silent promise, pure and deep,
While I would laugh and I would weep.
My heart still whispers out your name,
Though nothing ever feels the same.
My faithful angel, strong and bright,
You were my guiding, gentle light.

Outro

Now running free with Guinness dear,
No more goodbyes, no more a tear.
Just boundless fields beneath the sun,
Your peaceful journey now begun.

Outro - piano fade
