# Precious's Unspoken Love

*A Tribute Song*

**Intro - acoustic guitar, harmonica**

**Verse 1**

A tiny fluff, a spirited soul,
With a sassy heart that made me whole.
So independent, a will of her own,
The greatest love I'd ever known.
You gave so much, asked nothing in return,
A silent lesson, I would learn.
Sometimes a gentle, rumbling snore,
A sound of comfort, I adore.

**Chorus**

Oh Precious, my sweet girl, it's true,
Fifteen years, I spent with you.
A bond so deep, a love so grand,
The dearest friend throughout the land.

**Verse 2**

The evenings quiet, snuggled close and deep,
Your warmth beside me, secrets to keep.
Then coming home, a joyous sound,
Your happy dance, you'd spin around.
That little bark, a happy plea,
So thrilled, so eager, just to see me.
Such simple moments, pure and bright,
Filling my life with endless light.

**Chorus**

Oh Precious, my sweet girl, it's true,
Fifteen years, I spent with you.
A bond so deep, a love so grand,
The dearest friend throughout the land.

**Verse 3**

*Precious's Unspoken Love (continued)*

Though small in stature, a giant in heart,
You played a loving, powerful part.
Your soulful eyes, they understood,
More than any human ever could.
A quiet strength, a spirit bright,
Filling my world with endless light.
A loyal shadow, close to me,
Just being Precious, wild and free.

**Bridge**

My baby girl, how much I love you still,
Thank you for moments, time could never kill.
Fifteen amazing years, a precious art,
Wait for me, darling, with all my heart.
We will meet again, I know it's so,
Beyond the pain, where spirits go.

**Instrumental - harmonica, guitar**

**Final Chorus**

Oh Precious, my sweet girl, it's true,
Fifteen years, I spent with you.
A bond so deep, a love so grand,
The dearest friend throughout the land.

**Outro**

Now resting softly, free from all strife,
No pain or suffering, new found life.
Perhaps you're running, happy and bold,
A beautiful story, forever told.

**Outro - guitar fade**

*Forever in our hearts*
