Jaden's Morning Comfort

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

At the humane society, a tiny orange friend,
You came to us, a loving message to send.
A gentle head-butt, right on my husband's brow,
We knew in that moment, you belonged with us now.
Our hearts opened wide, filled with such delight,
You brought sunshine into every day and night.
A furry companion, so soft and so sweet,
Our family's puzzle, finally complete.

Chorus

Oh Jaden, sweet Jaden, our loving friend,
For ten wonderful years, you stayed to the end.
Though you're gone from our sight, your spirit remains,
Washing away all the sorrow and pains.
We hold you so dear, a bond truly vast,
Memories of you, forever they last.

Verse 2

Each morning at eight, our cuddling would start,
You claimed your own spot, a piece of my heart.
And when he came home, tired from his day,
You'd wait by the door, chasing worries away.
A little green carrot, with catnip inside,
Mom's special gift, where you loved to hide.
Your playful spirit, a joy to behold,
More precious than silver, or stories of old.

Chorus

Oh Jaden, sweet Jaden, our loving friend,
For ten wonderful years, you stayed to the end.
Though you're gone from our sight, your spirit remains,

Washing away all the sorrow and pains.
We hold you so dear, a bond truly vast,
Memories of you, forever they last.

Verse 3

Though the couch feels empty, and the house can feel so still,
Your spirit walks among us, reaching every window sill.
Ten years of pure devotion, a bond we can't outgrow,
Like the brightest ember burning, in our hearts a warm glow.
We picture you beside him, as the sun begins to fade,
With your little catnip carrot, in a loving serenade.
Waiting for our playtime, across that gentle stream,
Living on forever, in our most cherished dream.

Bridge

We love him very much, this truth will always bloom,
And miss him everyday, chasing away the gloom.
Watching over us now, we feel you so near,
Whispering comfort, banishing all fear.
With your husband now, a faithful friend,
Your love for us will never truly end.

Instrumental - banjo, harmonica

Final Chorus

Oh Jaden, sweet Jaden, our loving friend,
For ten wonderful years, you stayed to the end.
Though you're gone from our sight, your spirit remains,
Washing away all the sorrow and pains.

Memories of you, forever they last.

Watching over us, a peaceful, warm glow,
Waiting for playtime, a loving hello.
With your catnip carrot, close by your side,
In our hearts and our home, you will always reside.

Forever in our hearts
