Bundy, My Wobbly Wag Star

A Tribute Song

Intro - acoustic guitar, light percussion

Verse 1

That day at the market, a memory bright
From the back of a Ute, you came into sight
A blur of black and white, so keen and so true
A Border Collie's sharp mind, a Dalmation's spots too
Two weeks off fifteen years, you joined our parade
The best life companion, a promise we made
You hopped down with a wag, and stole every heart
We knew from that moment, you're our work of art

Chorus

Oh, Bundy, our dear girl, almost fifteen years strong
You're where our true joy and our happiness belong
With a wobbly bottom and a wag of your tail
Bundy, our sweet star, you never will fail

Verse 2

Each morning you're searching, for Mama's warm face
A look in your eyes, that fills up this space
So kind and so clever, a bit silly too
The purest devotion, shining right through
Sometimes on the carpet, a lick, a soft sound
Our quirky companion, the best dog around
You bring so much laughter, with all that you do
Our wonderful Bundy, we're so lucky for you

Chorus

Oh, Bundy, our dear girl, almost fifteen years strong
You're where our true joy and our happiness belong
With a wobbly bottom and a wag of your tail
Bundy, our sweet star, you never will fail

Verse 3

Bundy, My Wobbly Wag Star (continued)

Across Australia, you travelled with pride
In the back of our car, right by our side
You'd stop for the scenery, with calm and with grace
Exploring new motels, in each brand new place
Meeting new people, a friendly hello
Always relaxed, just going with the flow
With Mum and with Dad, your comfort was key
Our road-tripping buddy, happy and free

Bridge

We hope you keep chasing, those friendly Maggies in the sun
And shaking your duck toy, until the day is done
Watching over chooks, with all your fur family near
Our love for you, Bundy, grows stronger every year
You're the best doggy ever, it's so plain to see
You mean the whole wide world, to our family

Instrumental - electric guitar, piano

Final Chorus

Oh, Bundy, our dear girl, almost fifteen years strong
You're where our true joy and our happiness belong
With a wobbly bottom and a wag of your tail
Bundy, our sweet star, you never will fail

Outro

Always there for us, with a love so true
That big tail wagging, only you can do
With that wobbly bottom, our heart's full of glee
Our one-of-a-kind Bundy, happy and free

Outro - guitar fade

Forever in our hearts
