Intro - acoustic guitar, harmonica

Verse 1

I still recall that first sweet day
A mixed mini, you came to stay
You'd ask to go and find your space
Under the awning, a peaceful place
Just watching the world in a quiet pause
Content beneath the sky's applause

Chorus

Oh, Bella, my dear, 11 years we shared
A loyal heart, beyond compare
Your gentle presence, a steady light
Guiding me through day and night

Verse 2

At five AM, a gentle nudge
No time for sleep, no time to begrudge
On the concrete, we'd sit and wait
Watching the squirrels, sealing our fate
A morning ritual, just for two
Quiet moments, fresh and new

Chorus

Oh, Bella, my dear, 11 years we shared
A loyal heart, beyond compare

Bella's Gentle Awning (continued)

Your gentle presence, a steady light
Guiding me through day and night

Verse 3

The pitter-patter of your paws
Helped me ignore life's hurried causes
Just settled down beside my chair
A silent comfort, always there

Chorus

Oh, Bella, my dear, 11 years we shared
A loyal heart, beyond compare
Your gentle presence, a steady light
Guiding me through day and night

Bridge

You got me through life, made me strong
Where I felt I didn't belong
I will always remember you, it's true
Thank you for all, my faithful friend, for all you do

Instrumental - banjo, acoustic guitar

Final Chorus

Oh, Bella, my dear, 11 years we shared
A loyal heart, beyond compare
Your gentle presence, a steady light
Guiding me through day and night

Outro

Now you're running free, with no pain
Beneath the sun, through fields of rain
Rest easy, sweet Bella, forever bright
Chasing sunbeams in eternal light

Outro - guitar fade
