Verse 1

The moment I'd walk through the door
A welcome like no other before
You'd dance for me, a happy sight
Twisting and turning, pure delight
My Siberian queen, so full of grace
A playful spirit in every space
That two-step shuffle, sweet and true
A joyful memory, Jessika, of you.

Chorus

Oh, Sweet Jessika bleu angel, my dear
For six precious years, you banished all fear
With big blue eyes and a wagging tail
Your love was a story that will never fail
You filled my life with light and cheer
And though you're gone, your spirit is near.

Verse 2

I'd come back home, the day finally done
See you standing there, my radiant one
At the garden gate, a fluffy white cloud
With grey markings, standing so proud
Big blue eyes, a gaze so deep
Promises of joy you'd always keep
A wide big smile upon your face
Filling my heart with your sweet embrace.

Chorus

Jessika's Two-Step Home (continued)

Oh, Sweet Jessika bleu angel, my dear
For six precious years, you banished all fear
With big blue eyes and a wagging tail
Your love was a story that will never fail
You filled my life with light and cheer
And though you're gone, your spirit is near.

Verse 3

Through sunny days and gentle rain
You eased my heart, relieved my pain
A loyal shadow, by my side
With nowhere left for me to hide
Your gentle paw, a loving touch
Meant everything, oh so much
My furry guardian, true and keen
My sweet, magnificent, husky queen.

Bridge

I miss you so very much, my love, it's true
I love you with all my heart, always for you
Big belly rubs and hugs, my beautiful queen
The most cherished companion I've ever seen.

Guitar Solo

Final Chorus

Oh, Sweet Jessika bleu angel, my dear
For six precious years, you banished all fear
With big blue eyes and a wagging tail
Your love was a story that will never fail
You filled my life with light and cheer
And though you're gone, your spirit is near.

Outro

I see a young husky, just one year old
A familiar spirit, brave and bold
She acts just like you, a mischievous grin
I know your sweet soul lives on within
Running free now, under skies so wide
Forever loved, Jessika, by my side.
