Beta's Soulful Smile

A Tribute Song

Intro - Ukulele, light percussion

Verse 1

A fluffy flash, a tiny queen, with paws so quick and neat,
You'd jump three times, a joyful scene, before you'd reach your seat.
Upon the couch, a happy sigh, then settle down to nap,
And when you walked, you'd catch my eye, with a backward glance and a happy tap.

Chorus

Oh, Beta boppers, little star, for four bright, special years,
You filled my world, near and far, banishing all my fears.
You made my soul smile everyday, a love so pure and true,
And though you're gone, I'll always say, my heart still smiles for you.

Verse 2

When treat time came, a clever heist, you had a secret plan,
You'd gather all, a joyful quest, from every bowl and pan.
Then hide them well, your tasty prize, until you'd eaten them whole,
A glint of mischief in your eyes, a happy, playful soul.

Chorus

Oh, Beta boppers, little star, for four bright, special years,
You filled my world, near and far, banishing all my fears.
You made my soul smile everyday, a love so pure and true,
And though you're gone, I'll always say, my heart still smiles for you.

Bridge

I miss you so much, it hurts to breathe now, the silence feels so deep,
You made my soul smile everyday, secrets my heart will keep.
I hope you can find me again, Beta be bops, wherever you roam,
I'll be waiting for you, my dearest friend, to lead you safely home.

Instrumental - Ukulele, acoustic guitar, bells

Final Chorus

Oh, Beta boppers, little star, for four bright, special years,
You filled my world, near and far, banishing all my fears.
You made my soul smile everyday, a love so pure and true,
And though you're gone, I'll always say, my heart still smiles for you.

Outro

Now endless treats, and gentle hands, forever by your side,
With babies past, in peaceful lands, where happy spirits glide.
Running free in fields of light, a soul so pure and bright,
My Beta boppers, shining light, forever in my sight.

Outro - Ukulele fade

Forever in our hearts
